- About us: Rustenburg always had an active R/C community with the first track built at the Olympia Park Stadium, some of the old timers might remember. The track then moved to the Engen garage when you entered Rustenburg from Pretoria on the old road. Then after 17 years Rustenburg has an R/C track again.
- Races hosted:
  - o Hosted a SARDA Off-Road Electric Championship in 1997 (At the Engen Garage) – Was the hottest weekend in September, the track actually blue grooved properly. In those days, heat shrink was a must have due to the Ni-Cad batteries that was used. It was so hot that weekend that the heat shrink melted if left in a motor car.
